Medical Sick Leave

Date of Issuance: 06/07/2026

This document is issued for the purpose of authorizing sick leave for:

Abou Olivier Philippe

Based on my evaluation and assessment of the staff's medical condition, it is my professional opinion that the above requires time off from work for medical reasons. The recommended period for sick leave is 2 days, from 6/7/2026 to 7/7/2026.

During this period of sick leave, it is essential for the staff to comply with the prescribed medical treatment plan.

The staff is requested to follow up with the Physician for a re-evaluation as needed before the anticipated return date.

Physician's Signature:

Dr. Evaring Simon J.
Internal Medicine Specialist
KSMU / RCPSC
ONMC: 19326

Please do not hesitate to contact the Physician's office, if any additional information or documentation regarding the staff's medical condition or the need for sick leave is required.

NB: This document is to be shown to and, endorsed by the appropriate Line Manager, and the Human Resource Officer (HR).

Line Manager.
